ALL SORTS.

"Shenandoah" to-night.

Ed. Rayercraft and D. O. Mills are in town.

The Registry books closed last evening with 562 names.

The President is receiving ovations all over the country.

Jim Brazell, the mining expert was perspiring around town yesterday.

The kite season has begun in earnest, and several monstrosities may be looked for shortly.

Dr. Herdan is again located in Reno, and will only visit Carson on each Monday. See Adv.

Dr. Selah Brown delighted another audience last evening with another of his series of lectures.

Fruit trees all over Carson are in bloom, and if the frosts will hold off a while longer, a big fruit crop is assured.

As usual a big crowd of Carsonites went down to Jim Wiggins' dance in Empire last night, and all had a no. 1 time.

There are now three tennis clubs in Reno. If the Reno tennis sharps want a rattle with the Carson clubs, nobody's holdin' 'em.

The Registration books closed last evening but Tracy H. Chedie still continues to sell groceries cheaper than was ever before known in Carson.

Tickets are out and selling rapidly for the Tammany Day Dance to be given by the Improved Order of Red Men on Tuesday evening, May 12th.

The rise in the water Wednesday night washed out part of the island at the north end of the dam built by Wm. Thompson last fall above the Riverside Hotel. The cut is 20 feet wide and still getting wider.

Allen & Burlingame have secured the services of a practical shoe dealer from Boston, George Jenkins by name. Though a young man, he is an expert on shoes, and he will run the business for the firm.

W. E. Stone manager of Abe Cohn's tailoring establishment, has just returned from San Francisco with a fine line of woolsens, personally selected, and invites inspection. Opposite Government building.

The Grand President of the Young Ladies' Institute, Miss Mamie Sweeny, will arrive at Carson Sunday morning from San Francisco, and will organize Y. L. I. No. 30, on Monday evening, at the hall of the Y. M. I.

W. R. Chamberlain Wednesday morning received an invitation to be present at the launching of the new United States armored coast defense vessel, "Montezuma" by the Union Iron Works on the 55th. Bill says he will be present at the "weighing-in" and don't want to see any "false starts," when he taps the bell.

There is no form of death more terrible than the slow but relentless sinking into a quicksand that ends in suffocation. How a brave man can bear such a death, even when unjustly sentenced to it by a band of Whitecaps, is told in a story called "The Quickens," printed in the Argonaut of April 27th. Its author, Thomas J. Mosier, a journalist well known in Kansas City.

Sandrock and Millard, practical plumbers and gasfitters, have opened a shop in Dick Mills' old stand South Carson St., and propose to do all work in their line at prices so low that you don't have to mortgage your property, to pay them. Stoves and ranges and all kinds of tinware on hand, at very reasonable rates. Razors and scissors sharpened. j31tf.

Potatoes for Sale.
Frank Pine has a lot of potatoes he will sell at 75c per 100 lbs, if called for immediately at Dias' hay yard. a13w

If you want a good fitting shoe go to Olcovich Bros. m24

The Chataquans.

Reno has the banner Chataqua circle east of the Sierra Nevada, numbering all told, forty members, nearly all of whom have pursued the reading required during the year in their entirety. "The Sagebrush" circle was organized last October and had an eventful growth. It meets every Tuesday evening at the home of some of the different members and has been the means of imparting considerable knowledge and affording much amusement to those who belong. The circle is possessed of a fund of life in the personnel of its members and a "dry" meeting is yet unheard of.

The Chataqua movement in this State received an added impetus in the Assembly at Lake Tahoe last year. Those who had the pleasure of attending that initial gathering of what bids fair to become eventually one of the leading Western Summer institutions, were so well pleased with the programme and enjoyments of the occasion that a large encourse will doubtless this year be in attendance. The Breyfogle Excitement.

The Breyfogle mining excitement seems to be increasing. The stories of the richness of the rock found, has caused many prospectors from different parts of the State to start out for Death Valley. Parties who have made short trips to the Valley, say that the ledge can be traced for a distance of fifteen miles and is very much broken. The gold when found, is in pockets and very rich.

About two weeks ago a party left Candelaria for the Valley to find out the true state of affairs. They are expected to return next Sunday when something definite will be known of a region that has been the talk of the country for the last twenty-five years.

Two small specimens from the ledge can be seen at Chas. Friend's jewelry store.

A Good Piece of Work.

George Richards, who has lately been extensively improving his residence and premises, has had the heretofore muddy and nasty walk on the South side of his house, graded and sanded, along with the front walk. In winter the sea of mud on that side of the walk caused a good deal of cussing, but it is like a billiard table now. Matt Brannan did the work, and as a pretty piece of street gardening cannot be excelled. He also performed a like service for Ed. Vanderlieth and Warren Noteware.

It's an Ill Wind, Etc.

There are many who take advantage of a stock boom, but probably no one speculates more safely than the professional point-givers. They start with nothing to lose. They go to Smith and tell him with much secrecy that stocks are going up. They go to Brown and tell him stocks are going down. They keep account of their reports. After stocks have had an operation they ignore the failures and gather the rewards of their successes in the shape of drinks and small loans. Enterprise.

A Grand Turk.

On the overland train this morning was a grand Turk, in traditional fez and costume, and all the dignity of oriental grandeur. He didn't have much of a harem with him, and was leisurely eating his breakfast in company with an officer in gorgeous costume. The grand Turk shoved his hash with a fork. Gazette.

May-Day Ball.

Every effort is being made to make the May-Day ball a very pleasant affair. The ladies of Custer Relief Corps, No. 15, W. R. C., have it in charge, and as it is for a noble cause, tickets are being sold very fast. One lady sold over one hundred in one day.

Shenandoah.

There are only a few seats left for the great military drama to be presented at the Opera House to-night. Manager Piper says that on the success of Shenandoah in Carson depends the possibility of getting Sarah Bernhardt up here.

COAST NEWS.

The barn of John Christmae with four horses and ten tons of hay, was burned at Tracy Tuesday.

British Columbia bicyclers are arranging to celebrate the Queen's birthday by a grand tournament.

George Whitmore, President of the Nephi, Utah National Bank, was buncoed out of \$6,000 Monday by the gold brick scheme.

A duel was fought Sunday by two Mexicans, named Edward Tirado and Francisco Olivas at Canua Canon, in the Coast Range, Fresno county, to settle a dispute regarding the trespassing of each other's cattle. They measured off forty rods and then turned around advanced on each other, emptying their revolvers. Neither was hit until within about sixty feet from each other, when a shot from Tirado severed the jugular of Olivas and he dropped dead. Tirado went to Huren and surrendered himself to the Sheriff, who took him to Fresno and lodged him in the County Jail.

Like Old Virginia.

The forces of good and evil have a free fight in Butte. There is no sneaking wickedness, no blinds or back doors. Plate glass doors, and large at that, open to faro tables and sumptuous bars flashing under a blaze of light, and over the doors are signs with large bold letters required by law to be so many inches long, and costing heavy license fees. To obviate jostling in the gambling saloons there must be a front door of egress as well as ingress, and the interminable crowd is continually surging in and out. Money is abundant and fluid; the pay-roll of the numerous mines and other works amounts to over half a million dollars, which is being disbursed and spent every day. Wages are high. The labor union will not allow the even humblest laborer to take less than three dollars per day. The money has got to be spent, and there are multitudes of single men to spend it. The stores are filled with all the latest novelties and whatever is finest and costliest. You can take your choice of the spacious first-class restaurants, some of them quite like the Vienna or Dresden.

A Would-be Jack the Ripper.

Wednesday morning Sheriff Botsford found a young Virginia City dime novel fiend in Carson, who had on his person two large knives. He had been in town two or three days, and the Sheriff sent him home to his parents immediately, thus probably averting several terrible murders, and it is very fortunate that he was gotten rid of before he decided to kill a few people.

The Tahoe Road.

Moody started in to break the Tahoe road this week. A wagon went nearly up to the Toll house. Sand will be sprinkled along the road the rest of the way. Dirt attracts the heat and melts the snow. The road will be open for travel by May 10th. Republican.

Cemetery Water.

At the annual meeting of the Board of Directors of the Cemetery Water Works, April 13, 1891, it was Resolved, that all persons wishing water for irrigation, the present season will be required to pay for the same on or before May 7, 1891, for the season of five months from May 7, to October 7. The Superintendent will not water any lot except in compliance with this resolution. ap23td
